

FORTIETH YEAR

BISMARCK, NORTH DAKOTA, WEDNESDAY, JUNE 22, 1921

PRICE FIVE CENTS

REGISTRATION
OF CHECKS IS
STARTED AGAINBank of North Dakota Issues
Circular Letter On Its
Action

BOND MONEY IN THE BANK

All Receipts Placed in Bank
For General Use It Is
Stated

The Bank of North Dakota, in its monthly statements, sets forth its financial condition, and announces that the policy of registering checks has been resumed. The bank statement shows the total amount of registered checks on June 15 was \$72,873.44.

In a circular letter to bankers, county, school, township, city and village treasurers F. W. Cathro, director-general of the bank, informs them that the withdrawals from the bank have exceeded collections by \$30,000 a day for the last six weeks, necessitating the registration of checks.

No state checks are registered, according to bank officials. Numerous other checks will be registered during the next three months, it is stated, unless there is a change in conditions.

Money in General Use
Money realized from bond sales is being put into the Bank of North Dakota but, according to the circular letter, while "the sale of bonds is progressing very satisfactorily yet the sale has not as yet reached a sufficient volume to supply us with funds as rapidly as they are needed to meet the treasurers' checks."

Bonds have been sold from the mill and elevator series, bank series and real estate series, the sale efforts being concentrated on the real estate series because they bear a higher rate of interest. It has been variously reported that from \$300,000 to \$1,000,000 of bonds have been sold, but a reliable figure is said to be \$500,000. The total amount offered for sale in the campaign which began three months ago is \$6,500,000.

At the present rate of sale of bonds there is little likelihood of work being resumed on the Grand Forks elevator this summer. Officials have adopted the policy of putting all receipts from bond sales in the Bank of North Dakota and using the money generally to release "frozen" credits.

Until the bank is able to release a considerable portion of the amounts work will not be resumed on state industries. The so-called "frozen" credits include loans to state industries and institutions of about \$1,200,000; \$2,000,000 in banks which will not pay, according to the Bank of North Dakota; more than \$1,000,000 in closed banks, and in real estate loans on long-time security. It has been estimated that it would require the sale of practically all the bonds offered to completely ease conditions.

Progress of Sale
The bond sales is understood to have been going very slowly, in the opinion of state officials, but they believe the campaign will result in increased sales in the next month or six weeks.

The circular letter to the treasurers says that the Bank of North Dakota has about \$2,000,000 in 200 active banks which it cannot get. The conclusion of the letter of Mr. Cathro is as follows:

"The indications are that there will soon be a decided improvement. In the meantime, we have the assurance of a large number of treasurers, bankers and other officials that they will cooperate with us in every possible way. We are counting on you to do your part towards helping to tide over the present financial situation throughout the state, which financial situation is not confined to North Dakota alone."

HOUSE AGREE
ON NAVAL BILL

Washington, June 22.—The deadlock between senate and house over the naval appropriations bill was broken with virtual agreement to lop off about \$90,000,000 of the \$98,000,000 added by the senate and with right of the house to vote directly on the Borah disarmament amendment.

WILL REVISE
BOARD RULES

Chicago, June 22.—A campaign against certain features on the Chicago Board of Trade that have been criticised by farmers' organizations, the state legislature and congressmen, was begun with the appointment of four committees to draft drastic amendments to the rules.

Elm Grove Dance For Swimming Pool
Elm Grove which is now under new management has tendered the use of the grounds and dancing floor for a big benefit for the municipal swimming pool Thursday evening. Mr. Calloway, who is in charge of the amusement park south of the city, has offered to give all the receipts for the Thursday evening dance to the pool.

The Elm Grove people will go to no park tomorrow evening and make this a big success and help swell the fund for the pool. The best of jazz music is promised.

FIGHT OVER PROTECTIVE LAWS DUE AT
WOMEN'S MEET

MISS MARY RUDD COCHRAN, LEFT, DR. ALICE BUTLER, RIGHT.

By Newspaper Enterprise.

Cleveland, June 22.—Protective legislation—special laws designed to protect the interests of women and children—will be a point of controversy of the national convention of Business and Professional Women's Clubs, scheduled to open in Cleveland, Monday, June 18.

Whether women need the protection of special laws, without which the opposite sex lives and progresses, is a question on which the membership of practically every one of the 363 clubs of the federation is divided. It is understood that not one delegation of the entire convention body will arrive in Cleveland with an undivided opinion on the matter.

Speakers.
Discussion of the subject will take place Thursday afternoon following addresses by Miss Mary Van Cleek of the Russell Sage Foundation, New York, and Mrs. Harriet Stanton Blatch, author of Women's Citizens. At this time the national organization

WHEAT RUST IS
DISCOVERED IN
NORTH DAKOTAAgricultural College Reports
Two Instances of the Plant
Disease

IN THE SOUTHEAST PART

Fargo, June 22.—Wheat stem rust has been discovered in North Dakota, an investigator of the experimental department of the agricultural college announced. This report was officially confirmed by Dr. C. S. Trowbridge, head of the experimental department.

Specimens of the infected wheat stem were found on the experimental farm and specimens have been sent in from a county in the southeastern part of the state. Only rust is visible to the eye on the stems infected but the microscope revealed spores of the black rust, which is merely a later development of the red, according to the college experts.

Experimental farm men discounted the early appearance of the rust by saying that heading out of the wheat is, like the rust, advanced about three days, compared with last year. The grain and the infection have a comparatively even start in the race between them which will decide the amount of damage the rust will do, they say.

The amount of this damage depends entirely on weather conditions during the period in which the wheat is heading out, Dr. Trowbridge said. Comparatively cool weather with little moisture will tend to minimize the damage.

Rust has been reported to date in only the two isolated cases mentioned.

GOV. PREUS TO
VISIT STATEWill Speak in Opposition to
Nonpartisans

(Special to The Tribune)
FARGO, June 22.—J. A. O. Preus, Governor of Minnesota, will make two trips into North Dakota speaking in opposition to Townsleyism, according to an announcement from Joint Campaign headquarters today.

Mr. Preus' first trip will be in the eastern part of the state, and his second in the western part. He will speak in a score of cities and towns.

Bismarck is on his western tour. S. Johnson, recall candidate for Attorney-General, will accompany Mr. Preus.

U. S. REGAINS
POLO TITLEHurlingham, Polo Field, London.
June 22.—(By the Associated Press.)—America today regained possession of the international polo trophy, defeating Great Britain in the second match, 10 to 6 and winning the series two matches to none.

will go on record either for or against protective legislation.

There is a well-developed sentiment for re-election of Mrs. Lena Lake Forrest of Detroit, as president of the national. The Cleveland club, one of the strong clubs of the federation, is backing Mrs. Forrest and clubs through the central west are strongly in favor of her. Election is scheduled for Friday. The largest delegations are expected from the western clubs.

Has Charge.
While the convention opens with a reception at the Hotel Statler, convention headquarters, on Monday evening, the business of the five-day event will begin with the Tuesday morning session.

Miss Mary Rudd Cochran has entire charge of the arrangements for the convention. She is, in fact, hostess for the party. Dr. Alice Butler, as president of the Cleveland club, will be a prominent figure of the convention.

The Ohio state convention will be held Monday morning and afternoon preceding the opening of the national.

Today's Weather
For 24 hours ending at noon, June 22:
Temperature at 7 a. m. 62
Highest yesterday 81
Lowest yesterday 62
Lowest last night 59
Precipitation none
Highest wind velocity 24-N. W.

Forecast
For North Dakota: Fair tonight and Thursday; not much change in temperature.

YOUNG WANTS
FREE LUMBERCongressman Says People Oppose
Tariff On It

Washington, June 22.—Representative Young, North Dakota, Republican member of the ways and means committee, declared in a statement that people who wanted free lumber "will be sadly disappointed if the tariff bill, soon to be reported, is enacted in its present form."

In demanding that lumber be retained on the free list, Mr. Young said:

"Those of us who think that tariff laws should be written along cautious lines believe that all industries suffering from foreign competition should be protected, but the claims for protection of those which have done a tremendous business during recent years, such as the lumber industry, which are quiet now simply on account of the general slump in domestic business, and not on account of foreign competition, may well be scrutinized. We ought to be making a protective law for a ten year period rather than to meet the expectations of those suffering temporarily from a buyers' strike."

The John L. Lewis forces urging him for the presidency of the federation showed defection, delegates of the lady garment workers switching their vote for Samuel Gompers while three delegates of the United Mine Workers are reported to have gone over to Gompers. The Lewis forces still claim they have enough votes to win while the Gompers faction is equally confident of success.

BOSTON GLOBE
EDITOR DIES

Boston, June 22.—General Charles H. Taylor, 75, editor and publisher of the Boston Globe, died at his home today. He had been fairly active until recently.

ODD FELLOWS ACCEPT CHALLENGE
OF ELKS FOR BENEFIT BALL GAME

The Elks' challenge for a baseball game for the benefit of the swimming pool fund did not stay long without takers. The Odd Fellows answered today in the following letter.

Mr. Harry Woodmansee,
Manager Elks' Baseball Club,
Bismarck North Dakota.

Dear Sir:
Please take notice that your bluff is called by unanimous vote of our Lodge. Set the time for the Odd Fellows to play the Good Fellows. With Judge Nussle in the box Judge Davies away behind the bat. Capt. John Way on first we do not fear the devil. You bet we will have a team there to meet you.

If there are those among you with faint heart, this offer still stands and we challenge the Women's Business and Professional Club, the Catholic

ADMIRAL SIMS
HOME TO FACE
HEAD OF NAVYReaches New York and Leaves
for Washington to See
Denby

POLICE GUARD DOCKS

Admiral Refuses Aid of Cutter
in Landing and is First off
Liner

New York, June 22.—Rear Admiral Sims returned home today to explain to Secretary Denby remarks attributed to him in his recent London speech on Irish-Americans.

Refusing to be taken ashore by a cutter he came up the bay aboard the liner Olympic to meet friends or foes who might be awaiting him near the pier.

Everything was peaceful when the veteran sea-dog landed. A thousand blue-coats were massed on the dock to preserve order. Indeed, they were so numerous that with wharf workers and passengers it would have been difficult for many other persons to have found foothold on the pier.

Police Lines Drawn.
Police lines were drawn several blocks north and south of the pier entrance. Not even when Woodrow Wilson returned from the peace conference were more thorough preparations made.

The admiral was the first person to step ashore. Flanked by police he rode away from the pier announcing he would take the first train to Washington.

On the trip from quarantine the admiral maintained strict silence declining to make any statement before returning to the secretary of the navy.

Leaves for Washington.
At the station there were a few boos and cheers and one woman was seen parading with a banner bearing the picture of a jackass—apropos of the recent reference to jackasses reported to have been made by Admiral Sims in his London speech. The woman was not troubled by the police. Admiral Sims and his party left for Washington at 11:08 A. M.

DEFEAT IRISH
BOYCOTT PLAN
IN CONVENTIONAmerican Federation of Labor
Trims Resolution Presented

RESOLUTION OF SYMPATHY

Denver, June 22.—After a stormy debate the American Federation of Labor convention today disposed of the Irish question by adopting a resolution—trimmed of its most drastic boycott provisions—expressing sympathy for the Irish cause.

The action of the convention completed the defeat of the supporters of the boycott declaration, which they claimed had been drafted by "high officials of the Irish republic." The boycott supporters contested every effort to bring the sympathetic resolution to a vote without its boycott provisions by raising points of order and attempting to have the entire matter referred back to the committee for reconsideration.

The convention unanimously adopted a resolution urging modification of the Volstead act to permit manufacture and sale of beer. Officers and the executive council were instructed to work for a change in the law and if this should not be successful all unions would be called on to petition Congress.

The John L. Lewis forces urging him for the presidency of the federation showed defection, delegates of the lady garment workers switching their vote for Samuel Gompers while three delegates of the United Mine Workers are reported to have gone over to Gompers. The Lewis forces still claim they have enough votes to win while the Gompers faction is equally confident of success.

BOY LOCATES BODY OF FATHER,
VICTIM OF CLOUDBURST, THROUGH
VISION, LEADING MEN TO SPOT

(Special to The Tribune.)

Medora, N. D., June 22.—Raymond Everetts, the 11-year-old son of Tom Everetts, one of the three victims of the cloudburst near Medora, N. D., located the body of his father after search parties had searched fruitlessly for the past three days.

Young Everetts had a dream in which he saw the place where his father's body lay and insisted that he be taken there as he was positive where it was located. He gave such a vivid description of the location that credence was given to his assertions and he was taken to the spot.

The people looked around the place, he described—a washout near the fence on the right away—and were about to give up—but the boy insisted that his father was there and to satisfy him one of the men went to the spot indicated, and just as the boy said, he was under the wire in the water and adrift.

The body was in a comparatively good state of preservation considering the fact that it had been so long in the water. The bodies of the other two victims were found yesterday.

This is the second time that young Everetts has had a prophetic vision. Several years ago he told the family that an aunt had died and described her death and in a few hours a telegram confirmed his prophecy.

GIRLS DROWN
IN RIVER NEAR
FINLEY, N. D.

Finley, N. D., June 22.—Miss Annie Nickelson, 22, and Miss Marie Sundby, 26, were drowned in the Sheyenne river, eight miles west of Finley, Sunday evening at 7 P. M., when both stepped into a deep pocket in the river, and were carried away by the current of the greatly swollen river.

The young ladies were members of a picnic party and were the only ones in the river at the time of the tragedy. Neither girl could swim. They were walking in the water, close together, and both went under at the same time. Other members of the party heard a slight scream and saw the girls clasped together, go under the water. The bodies were recovered.

TRI-STATE GRAIN
DEALERS WILL
DISCUSS PLANFarm Bureau Federation is As-
sailed by J. H. Adams of
Association

CO-OPERATION IS SCORED

Big Cattle on Marketing Staged
at Mill City Meet, June
22-24

Minneapolis, Minn., June 22.—Meeting in one of the most important conventions ever held by that body, the Tri-State County Grain Shippers association will convene in annual session here June 22, 23 and 24.

County grain shippers from North and South Dakota, Minnesota and Wisconsin, which makes up the association, are expected to be well represented. About 1,500 delegates are expected at the convention, according to J. H. Adams, secretary of the association.

Importance of the meeting will be emphasized by the position taken during the convention in regard to the newly created Farm Bureau Federation. Taken as a whole, the grain shippers' association "is unalterably opposed to the federation and its collaborator, the Committee of Seventeen," Mr. Adams said. Both he and A. E. Reynolds, chairman of the legislative committee of the Grain Dealers National Association, of Toledo, Ohio, will speak at length on this subject, he said.

Secretary Adams charged that the Farm Bureau Federation scheme as followed out now, is the same plan sponsored by the Nonpartisan League some time ago, although league leaders "are not all at the head of the affair."

Costs Lot of Money.
"To trade on grain," Mr. Adams declared, "costs a lot of money. This federation sent out 3,000 salesmen to sell stock. One-third of the money derived from such stock sales went, as commission to the agents. The little that is left is not to be thought of as enough for working capital for an organization such as that, which, run on the right basis, would require millions of dollars."

"It has been proven that every time a new system is tried out with the inexperienced men, and these men are not experienced grain traders, the net cost is much higher. This federation will result in smaller returns for the producer and a higher cost to the consumer."

No Competition.
"Under this plan there is no competition, and without that the grain trade cannot be carried on successfully. This system strikes at the very heart of the country elevator system, and this untried theoretical plan is nothing short of bolshevistic."

The grain shippers' secretary declared that he saw no fault with the work of the county agents as a help to the federation, but he said the federation "like the farmer co-operative elevators, would be a failure." Right today, with a double cost of marketing grain at those former elevators grain is handled cheaper at a line elevator, even though the heads of the co-operative elevators do not want to admit it," he said.

"To bring before the public and the farmer and enlighten them as to the

SOLDIERS GUARD
KING WHEN HE
VISITS BELFASTKing and Queen Open Session
of Parliament of Ulster
Today

SINN FEINERS ABSENT

Nationalists Also Refuse to At-
tend the Parliamentary
Session

Belfast, June 22.—(By the Associated Press.)—"I speak from a full heart," said King George in his speech formally opening the parliament "when I pray that my coming to Ireland today may prove to be the first step toward an end of strife among her people, whatever their race or creed."

"In that hope I appeal to all Irishmen to pause to stretch out the hand of forbearance and conciliation, to forgive and to forget and to join in making for the land they love a new era of peace, contentment and good will."

Belfast, June 22.—(By the Associated Press.)—King George and Queen Mary, journeying from England for the occasion of the tenth anniversary of their coronation, presided at the state opening of the Ulster parliament here today.

Sinn Fein and Nationalist members of the parliament did not participate. Crowds lined the long streets leading to the city hall. A squadron of police headed the procession and the carriages of the royal pair were followed by those of officers and dignitaries. On each side of the street was stationed a force of nearly 6,000 regular troops standing shoulder to shoulder and separated from the crowd by a heavy railing.

In other parts of the city police kept vigilant guard against any untoward incident.

TO SEND MORE TROOPS.
London, June 22.—More troops are to be sent to Ireland, according to a statement by the secretary for war in the House of Commons.

MAKING GOOD
SPEED IN N. P.
WASHOUT WORKCarloads of Materials Rushed
Through—Red Trail is
Now Open

MISSOURI STILL RISES

The Northern Pacific railroad is making good headway in its efforts to repair the tracks washed out in the western part of the state, according to information received here. There is, however, no indication of when the present train service will be changed.

The Red Trail is open all the way through the Bad Lands, according to a telephone message received over the telephone by G. N. Keniston from County Auditor W. T. Ray, of Billings county. The county commissioners of that county have the roads in good shape, and the rivulets which were swollen by the cloudbursts, are now virtually dry and easily passable, the message added.

Northern Pacific trains, which had been deterred to Havre, now lead the N. P. tracks at Glendive, according to information received here, indicating the new washouts in Montana were quickly repaired.

Carloads of gravel are being rushed through Bismarck to the Bad Lands, where a great force of men are repairing the railroad damage.

Corn Covered.
The Missouri river at Bismarck stood at a stage of 10 feet 9 inches today. At Williston the river rose 2 feet 3 inches, the stage being 20 feet 3 inches. Weather Observer O. W. Roberts expects a rise of about one foot more at Bismarck.

Sibley Island is now cut off by the rise in water and Mickey O'Connor's farm south of the city is surrounded with water and about 10 acres of corn under water. While the river stage will go to 12 feet, little additional damage is expected along the river, Mr. Roberts said.

INSURANCE MEN
COME TO CITYNorth Dakota Farmers Mutual
Convention Date Set

The thirteenth annual convention of the North Dakota Farmers Mutual Insurance Association will be held at Bismarck on July 7 and 8.

Harry P. Cooper, of Crawfordville, Ind., secretary of the National Mutual Insurance Association, will be present at the meeting. It is also expected that Herman L. Eklund, legal counsel of the National Association, will attend. S. A. Olness, Insurance Commissioner, and the State Fire Marshal will also take part in the program. It is also expected that the Governor and John N. Hagen will address the convention.

The indications are that this will be the most interesting meeting since the organization of the association thirteen years ago.

HERRINGS BARE'S DIET.
Rika, June 22.—Bolshevik authorities distribute only one-tenth of the necessary amount of milk to hospitals, nurseries and parents. So children older than one year are put on a diet of salt herrings.

Boulah Merchant Here
F. L. Rose, head of the Rose Hardware & Implement Company of Boulah was in Bismarck yesterday after a new Overland car. Mr. Rose sells Overlands in the Boulah territory.

SPORTS

MAJORS STAGE CLOSE BATTLE FOR PENNANT

Cleveland and Pittsburg Play Steady Ball and Hold Lead

New York, June 21.—Despite the close major league pennant races, a 500 pace has enabled the Pittsburgh Nationals and Cleveland Americans to retain their top places in the inter-sectional series ending Sunday. The Pirates playing at home, could win only 8 of 15 games and lost the leadership for a few days to the runner-up, New York, which has a record of seven victories and eight defeats. The Indians took seven of their fifteen games in the east while their nearest rival, New York, cut down their lead by winning 10 games out of 15.

In the American League, Boston has taken up the chase after the leaders. The Braves' pitching staff is doing well and aided by heavy hitting, turned back the crushing St. Louis team. Boston took four games out of five from the Cardinals. Giesinger and Fillingim swirling shutouts. Cincinnati also is getting effective pitching. The Reds have won 9 of their last 13 games and threaten to advance ahead of Brooklyn and Chicago unless the play of those two teams improves. Chicago is not scoring in proportion to its batting and the Cub twirlers have been hit hard.

STRASBURG IN DEFEAT AFTER 9 VICTORIES

Napoleon Takes Fast-going Team Into Camp in Close Game

Napoleon, N. D., June 21.—The fast Strasburg ball team, which has won nine games without a skip, met their first defeat of the season at Napoleon ball park Sunday afternoon, when the Napoleon team, lately strengthened by the return from school of Steve Meier and "Dutch" (Edgar) Douser, took the southern Emmons county crew into camp by the score of 3 to 1 in a very fast and interesting game.

The box score:

	AB	R	B	PO	A	E
Holme, 2	4	1	1	1	0	0
M. Houser, 4	4	0	2	1	2	3
Bower, 5	2	0	0	1	0	0
Gretli, 9	3	1	1	1	0	0
J. Bryant, 7	2	1	0	0	0	0
L. Davenport, 3	3	0	1	8	0	0
Junge, 8	2	0	0	1	0	0
Meier, 1	3	0	0	0	0	0
E. Houser, 6	3	0	1	4	1	0
Totals	26	3	6	27	4	

Score by Innings:

	AB	R	B	PO	A	E
Strasburg	100	0	0	0	0	1
Napoleon	200	0	0	0	0	3
Summary—Struck out by Meier 3, by Foryziak 5. Double play, Foryziak to J. M. Klein to T. Moser. Two-base hit, T. Moser. Umpire—F. F. Wagner of Napoleon and F. Baumgardner of Strasburg. Scorekeepers—Adam Kraft of Strasburg and Calvin Kusler of Temvik.						

ASHLEY TAKES WISHEK GAME

Ashley, June 21.—Ashley beat Wishek in a fast and exciting ball

game Sunday by a score of 9 to 1. Christensen, of Bismarck, pitched for Wishek. Batteries—Ashley: J. Huether and H. Huether; Wishek, Christensen and Brandt.

BEGINS WORK FOR LEONARD FIGHT JULY 4

Benton Harbor, Mich., June 21.—"Sailor" Freedman, of Chicago, opened his training quarters here in preparation for his bout July 4 with "Benny" Leonard, lightweight champion. Leonard has not yet appeared and it was reported that he may finish his training in the east.

Floyd Fitzsimmons said that he understood that Leonard might train with Jack Dempsey at Atlantic City. Leonard's speed, it was thought, would be of considerable benefit to Dempsey in preparing himself for his match with Georges Carpentier.

TWILIGHT GOLF PLAY ARRANGED

Good Matches Expected in Handicap Tournament

Some good golf games are promised at the Country club Wednesday evening in the play in the men's handicap tournament of nine holes, medal score. The tournament committee announces play will begin at 6:30 p. m. The entrance fee is 50 cents; the prizes, golf balls.

There will be an informal 18-hole tournament Saturday afternoon, beginning at 2:30 p. m.

The tournament committee announces that the handicaps have been posted and players have been paired for the play in the men's club handicap, which began June 15. It is expected that the first rounds will be completed by July 15, part of the play being finished each week. The men's club open championship play will begin July 1.

VALLEY WINS SECOND GAME

Valley City took its second game from Mandan last evening by a score of 12 to 6. Al Anderson, of Bismarck, pitched for Valley City.

Russell, for Mandan, pitched good ball until the eighth, when Valley City started a batting rally and Russell's support crumbled. Valley scored 4 runs in the eighth and added 8 more in the ninth. Mandan got ten hits off Anderson, who lightened up after the first five innings.

New York, June 21.—Babe Ruth made his 24th home run in the tenth inning of yesterday's game, giving New York a 7 to 6 victory.

MOTOR GUIDE IS OUT WITH NEW FEATURES

The Automobile Club of America has just published the 1921 edition of the Associated Tours Guide, the most popular and widely used of all the automobile touring books.

This convenient handbook of motor travel is now in its eighth year of publication and it becomes more complete with each issue. The present edition contains all the necessary information on 30,000 miles of selected highways covering all the favorite touring sections of New York, New England, Southern Canada, Long Island, New Jersey, Pennsylvania, Maryland, Delaware, Virginia and right on through the South to Miami on the East Coast of Florida and Tampa on the West Coast. The middle-west is thoroughly covered and two transcontinental routes are given: one goes by way of Newark, Boston, Harrisburg, Pittsburgh, Cleveland, Chicago, Omaha, Cheyenne, Salt Lake City, Reno and Sacramento to San Francisco; the other passes through Philadelphia, Baltimore, Washington, Wheeling, Columbus, Indianapolis, St. Louis, Kansas City, I. Junta, Las Vegas, Albuquerque, Flagstaff and San Francisco to Los Angeles. Copies are obtainable at bookstores, garages, supply stores, automobile clubs and direct by mail from the Automobile Club of America, 247 West 54th Street, New York, N. Y.

TRIBUNE WANTS—FOR RESULTS

ONE HOME-RUN HITTER WHO QUIT

JACK BENTLEY AND HIS KNUCKLE GRIP

Jack Bentley, Baltimore first baseman and star southpaw, has a home-run grip that is not a home-run grip. He's quit dynamiting the ball. "Home runs are too common," says Bentley.

"I figure I can win more games for my club by cutting my swing down to singles, doubles and triples."

Last year he hit 20 homers. So far this season he has put but two balls over the wall.

He is the prize jewel of the International League. His manager, Jack Dunn, was offered \$50,000 for him. Dunn gave Bentley his choice of being sold up to the majors or to stick and receive a big league salary as an Oriole.

FEWER CATTLE IN U. S. SAYS CENSUS EXPERT

Finds Number of Sheep and Hogs Also Considerably Reduced

Chicago, June 21.—The number of cattle for each 100 persons in the United States is today one-third less than in 1900, the sheep supply is reduced nearly two-thirds, while the number of hogs is fully 41 per cent smaller now, according to figures compiled from the federal census reports by Herbert Myrick, a farm expert.

Declaring that this "alarming shortage" in livestock is such as to furnish a meat supply only about half as great for each person in the country as formerly, Mr. Myrick said that "the decline during recent months in prices in producers is so utterly unjustified as to constitute the gravest economic crime ever perpetrated upon the farmers of America."

Other figures were given to show that 20 per cent fewer pounds of meat were exported during the present fiscal year than during the previous year, while imports totaled 175,000,000 pounds of fresh meats, or nearly four times as much as two or three years ago. More than half of these imports, he said, were mutton and lamb from Australia, or imports 25 times greater than the exports of the United States.

Mr. Myrick charged that the U. S. Department of Agriculture for years has over-estimated the numbers of sheep and swine and declared that the

DOLLING HER ALL UP FOR BIG CATTLE EXHIBIT

If cattle like this one were grown on every farm there would be no trouble about keeping the boys and girls away from the city.

You simply couldn't pry them away from the farm. To encourage the raising of pure-bred cattle, officials are offering the most liberal premiums in years. A big attendance is anticipated at the Inter-State Fair, Fargo, N. D., July 11-16.

CITY'S CRIERS CLEAN UP CAMP FOR VISITORS

Town Crier Members Take Off Coats and Put Place In Shape

The Town Criers hope that every one in the city visits the free auto camp for tourists at the penitentiary grounds east of the city as quickly as possible. Otherwise, some one who has a firm notion that hoe or rake might seem as foreign in the hands of a Town Crier as an application for a job with work to it in the hands of a politician would not believe that a score of members of the club took off their coats and got busy with hoes, rakes, spades, saws and hammers to clean up the camp.

The club members who responded to the call left the Commercial club in automobiles at 7:30 p. m. last evening and had finished their work in an hour and a half.

Believing nothing soothes blistered hands like a little jazz music Ober A. Olson transported a jazz orchestra in the person of Melvin Hamons, an ex-service man, who adorned the running board of an automobile and played his combination orchestra while the club members toiled.

The only difficulty of the evening was on arrival at the camp when there arose the question as to the necessity of a foreman. There was a large number who were willing to sacrifice the pleasure of wielding a hoe or rake to accept the responsibility of standing round and telling others how to do it, but neither Phil Meyer nor Hal Dohler got the job.

There also was some dispute as to the efficiency of the rake gang, as compared to other gangs. The rake gang, composed of Roland Gross, F. H. Knowles, M. B. Gilman, Benton Baker, Phil Webb and W. S. Neal firmly maintaining that their efforts entitled them to help clean up Custer park, it need be, while Paul Wachter, Dr. R. S. Towne, Robert Webb, Bill Register, W. E. Perry, C. A. Bonham and Dr. W. E. Cole maintained that their duties were equally important while admitting the contention of the rake gang that it might be a bit difficult to define just what constituted their efforts.

President Charles Wattam noted as liaison officer, tacitly preventing a long war between the factions while G. M. Keniston and J. C. Anderson helped out wonderfully by their inspection of the job.

At the conclusion of the job of fixing up the camp for guests, of Bismarck who travel through the city on the various highways, the club members tasted the delicacies prepared by the commissary department in which some tourist campers, including two young ladies in khaki joined.

POSTPONE TOWN CRIERS MEETING

The state convention of Town Criers clubs, which was to have been held in Mandan today and tomorrow, was postponed because of bad railroad and road conditions. It was announced. The convention may be held in the near future.

TAX DODGER DRIVE PLANNED

Government to Send Out Flying Squadrons

Washington, June 21.—Millions of dollars in delinquent taxes and penalties will be collected, the internal revenue bureau estimates, as a result of a nation-wide tax-drive ordered to begin in July by Commissioner Blair. "Flying squadrons" are to visit every large city in the country.

Special attention, Mr. Blair said will be directed to the collection of the excise tax on sales by manufacturer, the transportation tax, the so-called luxury tax and taxes on jewelry, toilet

TRIBUNE WANTS—FOR RESULTS

AFTER a baking fails—
Becomes tough or soggy, you can't make it tender and tempting. It can't be "fixed." It is like spilled milk—"wasted."

But, there is a way to prevent this waste—every woman should use it—because a bake day loss these days is a real loss.

Calumet Baking Powder positively prevents failure. It has been doing it for millions of housewives for a third of a century.

CALUMET BAKING POWDER

BEST BY TEST

Makes most palatable and sweetest of foods.

The biggest selling Baking Powder in the world. Produced in the largest, most modern, sanitary Baking Powder factories.

Possesses only such ingredients as have been officially approved by U. S. Food Authorities.

Most economical in cost and use. You save when you buy it. You save when you use it.

Found can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Jelly Roll Recipe—3 eggs beaten separately, 1 cup sugar, 1 1/2 cups pastry flour, 2 level teaspoons Calumet Baking Powder, 1/2 cup warm water—flavor. This mix in the regular way.

articles, proprietary medicines, soft drinks and amusements.

Several millions of dollars are being lost by the government annually. Mr. Blair declares, through failure of retailers to collect the full tax on toilet articles and medicines. Soft drink vendors are to be investigated, he said, and required to keep proper records, and the recent arrests of ticket scalpers in New York will be followed by similar prosecutions where theater ticket brokers failed to file monthly tax returns.

SELECTS DAWES BUDGET HEAD

Washington, June 21.—Charles G. Dawes, the Chicago banker, has been selected by President Harding for director of the budget under the budget law recently enacted by Congress.

TRIBUNE WANTS—FOR RESULTS

ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer-Manufacture of Monacreticacidester of Salicylicacid.

INGROWN NAIL

The Nail Turns Out Itself if You Toughen Skin

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not naturally outward almost overnight.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

Local Girl Married To St. Paul Man

Miss Florence Lillian Clausen, daughter of Mrs. I. M. Clausen and Mr. C. J. Reynolds, son of Mr. and Mrs. I. Reynolds of St. Paul, were united in the holy bonds of matrimony at high noon today. The wedding took place at the Methodist church in the presence of immediate relatives, Rev. Quigley officiated.

The bride wore a white organdy dress embroidered in pastel colors. She carried a bouquet of pink sweet-heart roses. The only ornament was a string of pearls, the gift of the groom. Her going away suit was of blue tricot with a picture hat to match. Miss Clausen has worked in the insurance department of the state capitol for four years. Mr. Reynolds worked in the Lucas Depart-

ment store two years ago but now owns a store in St. Paul. They left on No. 8 for a wedding trip in eastern points. They will make their home in St. Paul.

PICNIC TOMORROW AFTERNOON

The W. F. M. S. of the Methodist church has reached the place where it is the largest society of this church in the state. It will celebrate its achievements in a picnic tomorrow on the grounds at Fort Lincoln. It is hoped that all the members of the church and congregation will attend. All who wish transportation are asked to be at the church at Two O'clock where autos will be in readiness. Picnic dinner at five thirty and a program of sports in the evening. The committee on arrangements says "Do not forget your sandwiches and cake, a fork and spoon. Coffee and lemonade will be furnished."

B. and P. W. HEAR TALKS
The meeting of the Business and Professional Women's club at the club rooms last night was well attended and everyone enjoyed the talks given by Miss Hazel Neilson, Mrs. L. Conklin, and Rev. H. C. Postle-

TWO "COOL" COSTUMES

The military influence still clings to fashions. On the left is a new military three-piece sport suit of white-brocaded Maltsee and American Beauty Charmeuse. This effective hot weather costume with hip-length cape and scarf collar has an original touch of American beauty hands worked in the tucks over the hips. The big leghorn hat is relieved by the American beauty charmuse. Miss Mar-

Mansfield, Schenck star, wears this Madame Kahn creation. The cool cornflower blue champagne marquisette, on the right, has a very attractive yoke formed by French ribbons. The hand-made flowers sprinkled over the gown give a real summer suggestion. Miss Man held wens with this costume a cornflower chiton hat with colored ribbons around the crown, forming a rosette on the right side.

thwaite. The talks were on trips in the west and gave those present a good idea of the trips. Next Tuesday the last meeting for the summer will be held. There will be a dinner on the McKenzie Roof Garden at 6:30 and the Misses Daisy Welch and Hazel Pearce will report on the Business and Professional Women's Convention at Devils Lake.

TO GRAND FORKS
Miss R. D. Hoskins, state secretary of the Eastern Star, and Mrs. H. P. Keller, worthy matron of the Bismarck Eastern Star are in Grand Forks at the meeting of the Grand Chapter of the Eastern Star. Mr. and Mrs. Hoskins will open their cottage at Shoreham for a few days before their return.

BIRTHDAY PARTY
Mrs. A. A. Von Hagen entertained a group of little girls this afternoon at a birthday party in honor of her daughter, Merle, who is celebrating her ninth birthday today. Mrs. George Duemeland and Mrs. W. A. Hughes, with Mrs. Von Hagen, took the party out to the Boy Scout Camp in cars, where they spent the afternoon and enjoyed the birthday picnic lunch.

ILLUSTRATED LECTURE AT CHURCH

An illustrated lecture will be given in the Methodist church this evening. Seventy beautiful colored pictures will be shown of scenes in foreign lands illustrating the Centenary under way. No admission will be charged. All welcome.

PICNIC IN WOODS
Bismarck Girl Scouts Troop No. 1 left at 8 o'clock this morning for an all day picnic in the woods. The Girl Scouts are going camping next week and so they are visiting the Boy Scouts this week to learn the details of camping. The girls rode out in cars.

FROM DICKINSON
Mrs. John Lee Brown and small son, John, Jr., of Dickinson, formerly of Bismarck, are the house guests of Mr. and Mrs. R. W. Sanders of the Rose apartments. Mr. Brown will motor to Bismarck the last of the week and will spend a few days here visiting friends.

ON VACATION TRIP
Mrs. C. B. Nupen and two children of Ave. B left on a vacation trip to Grand Forks and other points in North and South Dakota. Miss Nupen will attend the meeting of the Grand Chapter of the Eastern Star while at Grand Forks.

PASTOR TO SPEAK HERE
Dr. Thompson McKinney of Philadelphia, one of the leading preachers of this country, will spend Sunday afternoon in our city and will preach in the Methodist church in the evening.

TO SUMMER SCHOOL
Miss Eleanor Gustavison left today for the University of Minnesota where she will enter summer school. She expects to be gone the rest of the summer, spending the weeks after the end of the school at the lakes.

TO LAKES
Mrs. R. C. Rosen and children of Third street, left yesterday for the Detroit Lakes where they will spend the summer. Mr. Rosen will join his family soon, spending his vacation there.

VISITING PARENTS
Mrs. G. E. Juell and children of Winona, Minnesota, are visiting at the home of her parents, Mr. and Mrs. Frank Titus. Juell will come later and in the fall will take his family west.

ANNUAL BOARD MEETING
The Annual Board meeting of the Bismarck hospital is being held at the hotel today. Out of town people to attend the board meeting are: Rev. W. C. Menus, Grand Forks; H. H. Brockmiller, Fargo; George Worner, Great Bend; R. E. Strutz, Jamestown;

and Otto Schaffer, Hazen. There will be a meeting of the executive board tomorrow.

LEAVES FOR WEST
Miss Irene Griffin, who has made her home with her uncle, Mr. H. W. Richolt for several years, leaves tonight for Tacoma, Washington, where she will make her future home.

HERE FOR VACATION
Miss Louise Ankenman who has a position in the Merchants National at Dickinson, is spending her two weeks vacation here visiting her mother, Mrs. Sarah Ankenman.

VISITING HERE
Miss Margaret Scott of Beach is visiting at the L. A. Morrison home. Miss Scott has but recently left the hospital but on account of the visitants was unable to return to her home.

HOME FROM CHICAGO
Clarence Mathison, of Chicago, Ill., is visiting at the home of his cousin, Mrs. A. W. Gunder and Mrs. R. D. Joslin, and his daughter, Mrs. Mattie Erstrom.

SUNSHINE CLUB MEETS
The Sunshine club met this afternoon at the home of Miss William Fields. The members of the club worked on picture books for the hospital.

TO CHAPTER MEETING
Mrs. W. S. Mitchell, a past grand matron of the Eastern Star of North Dakota, has gone to Grand Forks to attend the meeting of the Grand Chapter.

VISITING MOTHER
Miss Hazel McBride, who has been teaching school in Valley City is spending her vacation at the home of her mother, Mrs. L. McBride.

LEAVE FOR EAST
Mr. and Mrs. Alonzo H. Grace, who have been visiting at the H. H. Grace home, left today for an extended trip in the east.

VISITING HERE
Archibald Nygard, of Washburn, and Alfred Girding, of Underwood, were in the city yesterday.

FARGO VISITOR
Mrs. Anna Holt, of Fargo, is visiting at the homes of Mrs. Randa Mills and Mrs. Mattie Erstrom.

GUEST FROM CANDO
Miss Gladys Powell of Cando is spending a few days with Miss Ruth Quigley at the parsonage.

HERE FROM MINNEAPOLIS
Mr. and Mrs. Myron F. Leslie motored here from Minneapolis and are visiting Mrs. Elizabeth Suckow.

VISITORS FROM PLAZA
The Misses Agnes and Esther Nelson, of Plaza, are visiting at the home of Mrs. F. J. Matschek.

SHOWER FOR MISS FRYBIE
Mrs. F. Skinner and Rose Huber entertained at a kitchen shower for Miss Gertrude Frysie. The Huber home was decorated in pink and white for the occasion. Little Bobby Wagner hauled in the gifts in a wagon. Dainty refreshments were served.

SURPRISE PARTY
Mrs. Jesse Harris was the guest of honor at a surprise party given for her birthday by Mrs. Rufener. Covers were laid for ten.

Dinner Dance at Roof Garden
tonight. McKenzie Hotel.

"Be sure you are right, then go ahead," was this famous Texan's motto. A good motto for a business as well as for a man.

BRUNSWICK TIRES

Texas joined the Union in 1845. The Brunswick career began the same year. You know the history of both. With Brunswick it has been seventy-six years of striving for excellence.

When Brunswick went into the tire business it resolved to build the best tire possible. Every important principle in tire building was considered to find out which principles were best.

The result is an easy-riding, sure-footed, long-lived tire that gives you the utmost for your money.

Let your next tire be a Brunswick and you will soon have all Brunswicks.

ville performer. Since Roscoe has been appearing in features, Buster Keaton has been making his own two reel comedies. They are brought together again at the Eltinge, this week but in separate offerings. Roscoe in "The Traveling Salesman" and Buster in "The Haunted House." The former has a North Dakota girl for his leading lady in "The Traveling Salesman," Betty Ross Clark, who was born at Langdon, N. D., and educated in Minnesota. Miss Clark is a screen beauty and a brilliant actress. Before appearing in pictures she played in stock companies and was at one time leading woman in the "Fair and Warner" show. It has been Buster Keaton's ambition to make his comedies as popular as the previous Arbuckle were and with "The Haunted House" as an example, he has succeeded. On the same program at the Eltinge for Thursday, Friday and Saturday is a travel scenic, "Through Glacier National Park," which will give some of us who won't get there this summer an idea of what we may see at a later period.

SEE BUILDING BOOM IN STATE

Architects Meeting Here Are Optimistic

The biggest building boom in the history of the state is expected in the near future, with restoration of normal conditions in the country generally, according to the opinion of members of the North Dakota Architects' Association, which has concluded a two-day session here.

Officers of the association were elected as follows:

President—G. R. Horton, Jamestown.

Vice-President—O. A. Breseth, Fargo.

Secretary-Treasurer—R. R. Boyd, Devils Lake.

The architects took an automobile ride about Bismarck yesterday afternoon, held a banquet at the Grand Pacific hotel last evening and business sessions last night and this morning.

G. N. Keniston, secretary of the Commercial club, was toastmaster for the banquet. C. L. Young, President of the Commercial club, welcomed

the visitors, and W. B. Hancock, past president, responded, thanking Bismarck for the courtesies extended.

Others who spoke were A. J. O'Shea, of Fargo; R. R. Boyd, of Devils Lake, and J. A. Shannon, of Devils Lake.

The next meeting of the association will be in Devils Lake next December.

THREE DEATHS ARE REPORTED

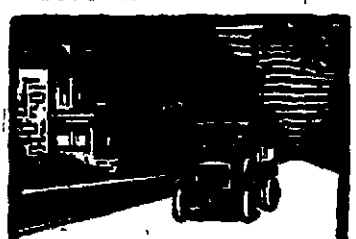

Hans Oppgaard, of Dazey, N. D., who died recently, will be buried at Dazey this afternoon. Mr. Oppgaard was born in Norway and was a retired farmer.

Margaret Peterson, 9-months-old baby of Adolph Peterson, of Wilton, a twin, who died of broncho pneumonia, was buried today. The funeral took place at Wilton this afternoon.

Adeline Sudvac, 10-year-old daughter of James Sudvac, of Sterling, who died of acute appendicitis here, was buried at Sterling this morning. Father Slag officiated. Interment was in the cemetery at Sterling.

RAID YANKTON RAIL STATION

Yankton, S. D., June 22.—Robbers who raided the Chicago, Milwaukee and St. Paul station in Yankton early today stole seven sacks of first class mail. Its value was not known.

USE CONCRETE FOR PERMANENCE

The great wear resistance and strength of Concrete Street Pavement makes it suitable for any traffic, and least expensive to maintain.

CAMP PROVES BIG SUCCESS

Fifty Boys Enjoy Recreation on Banks of Apple Creek—MacLeod in Charge

Boy welfare work under the auspices of the Bismarck Rotary Club is progressing nicely under the direction of J. J. MacLeod. A camp of fifty boys is in full swing this week on Apple Creek. Rotarians plan on going out this week to greet the boys on the camp grounds.

Mr. MacLeod discussed the boy welfare work at the Rotary luncheon today at the McKenzie Roof Garden. He told of the enthusiasm in the schools for the baseball tournament and the latest venture—the Apple Creek camp.

A regular routine is followed each

day during which a varied program takes place which has for its object character building and clean recreation. There is a contest among the boys now for the best camp and several picked teams are working for the grand prize—a water melon. Swimming is one of the major sports. During the camp which will last this week it is planned to have speakers address the boys at the evening gatherings. Tuesday evening C. W. Roberts, officer in charge of the local bureau, explained how weather observations are taken. This evening George Will will talk on "Indian

Long." The Rotary club lost a member today by the departure of C. M. Bolt, former principal of the High School. He was presented with a gift. The presentation was made by J. L. Bell who told of the ten years of service in which Mr. Bolt had endeared himself to many people in Bismarck. Mr. Bolt has been a popular member of the Rotary and has assisted greatly in making the club a success. Mr. Bolt responded feelingly. There were a number of out of town guests at the luncheon today. D. B. Register and G. B. Hawley were the new members received.

When the Roof Blows off

One of the most common pranks of a tornado is the topsy-turveying of roofs.

Yet this is nothing to the havoc that may result from these whirling windstorms.

Thoughtful property owners take no chances. They realize that even a damaged window pane is covered by a Hartford Tornado Policy, and that the Hartford's reputation for service means prompt adjustment of loss.

You Are Never Far Away By Long Distance Telephone

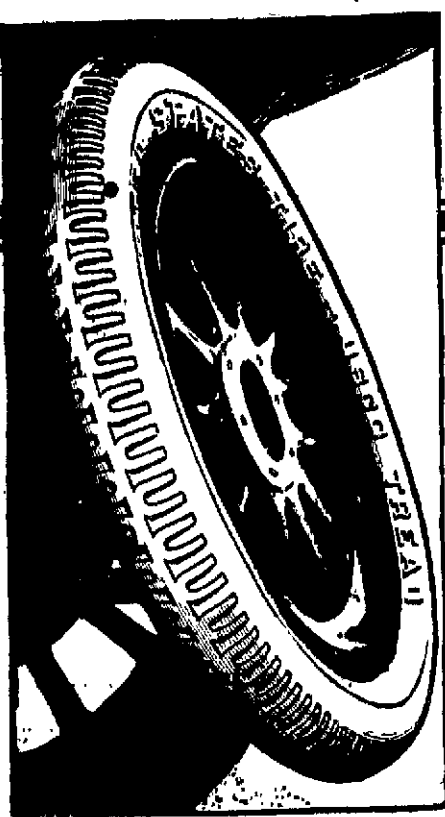

A few miles away or several hundred,—it is all the same by "Long Distance"

To keep in touch with home or business, to get information quickly, to avoid expensive trips, or for any business or social purposes, "Long Distance" is the best way.

Approximately half rates apply beyond certain distances for station-to-station calls after 8:30 p. m. and approximately quarter rates from midnight to 4:30 a. m.

Ask "Long Distance" for the rate for any class of service, at any time, to any point.

NORTH DAKOTA INDEPENDENT TELEPHONE CO

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

Which one of your neighbors gets the best mileage out of his tires?

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "there's a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a quality standard tire.

It all comes to this—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter what weight car you drive.

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is concentrating on a full, completely sized line of U. S. Tires.

For the first time he will hear some straight quality tire facts—and get the difference between chance and certainty in tire buying.

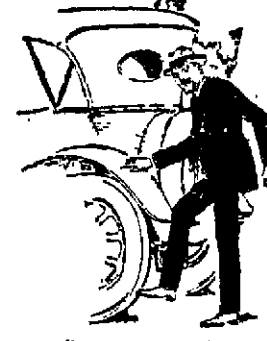

The U. S. Tires he sees in stock are fresh, live tires. They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of quality first every time

"Fresh, live U. S. Tires come direct to the dealer from his neighboring Factory Branch."

"His first experience with U. S. quality standard tires."

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

THAT BOND ELECTION

Bismarck is confronted with the possibility of a bond election July 26 for the following purposes:
First:—To procure funds in the sum of \$15,000 to purchase motor driven fire apparatus.
Second:—To raise \$10,000 for improvements and additions to the detention hospital.
Third:—To secure \$5,000 for the purpose of building an incinerator for garbage disposal.
In advance of such election, however, the tax payers are entitled to certain information before assuming more public debt and increasing the tax load at a time when conservation and thrift seem imperative.
The first prime necessity is a complete financial statement of the City of Bismarck showing the present bonded indebtedness for all purposes including school issues.
Such a statement should show the condition of the various funds, outstanding unpaid warrants, interest charges on paying and in fact a complete, comprehensive statement of the city's finances.
The tax payers should know also the cost of maintaining the several departments or in other words the aggregate cost per year of running the city of Bismarck.
It is not the intention of The Tribune at this time to enter into the merits of the proposed special election to bond the city of Bismarck for \$30,000.
What most taxpayers desire now is a complete financial statement as a basis for voting intelligently July 26.

RESPONSIBILITY

The way high school girls ought to dress is worrying a lot of folks, mostly teachers. But the Parents' Association of Indiana recently pointed out where reform should commence, namely in the home.
Misguided pride on the part of parents is responsible for the evil of extravagant dressing among school girls. Mrs. Smith wants her daughter to look a little bit better than Mrs. Jones, and the result has been a competition ruinous to the ideals for which schools exist.

PREVENTIVE

A bumper murder crop is predicted by police officials. Already 498 murders have been committed in 13 large cities this year. And in some cities there have been more murders in the first half of this year than in all of last year.
Criminologists disagree as to what is making murder so popular. But all pretty generally agree as to what will help make it unpopular. It is this: JURIES MUST MAKE THE PRICE FOR MURDER HIGH ENOUGH TO MAKE MURDER A PROHIBITIVE BUSINESS.

IT'S PRICE

Cynics say everything has its price. Sometimes when you are blue, don't you believe them?
If so, consider Charles Garland, small scale farmer of Massachusetts. He refuses a million and a half from his father's estate, and now refuses a million from that of his uncle.
"If I accept a fortune, I am taking something that does not belong to me," he believes. And he evidently has no price.

HOPE

"In one country we have seen lava-torrents of fever-frenzy envelope all things; government succeeds government, like the phantasms of a dying brain. . . . Man has walked by the light of conflagrations, and amid the sounds of falling cities; and now there is darkness, and long watching till it be morning."
This might have been written of the Europe of today. But it was written of the Europe of 1831 by Thomas Carlyle. Nevertheless, Europe survived to live the most glorious era of its history. Cheer up.

MA'S BUSY DAYS

The school vacation season is at hand when all of ma's little worries will be with her every hour for three months.
For nine months she has shared with the teacher the job of bringing up her brood. Now the job is all hers.
Everybody plays but ma. Vacation season is her work-time.
Then one day she makes up her mind to have

an outing. She's up at 6, and after much travail she fares forth—with all her little worries trailing after her.
She would be unhappy without them.

PIANOS

Charles Deutschmann, president of the association of piano tuners, now meeting in Chicago, says a piano is not merely a piece of furniture. It is a member of the household, and should be regarded as a person, and given a name, as it has "personality, grouches, likes and dislikes."
Also the piano has neighbors. They have grouches and dislikes. Also they have names for the piano, but the names cannot, with propriety, be published.

BARRED

Senator Frances is in Europe, awaiting permission of the soviet government to enter Russia. Permission has just been refused William Johnston, president of the International Association of Machinists, who now is preparing to return to the United States.
Russian conditions must look pretty bad for the government there, if they won't bear inspection by one like Johnston, who went abroad in hope of promoting trade between Russians and Americans.

LIGHTNING

What causes the sudden fear of lightning among farmers? Lightning rod manufacturers report big sales all over the country. Maybe you've noticed the shining new rods and glass balls while motoring.
Here's an industry that wakens after sleeping several decades. Years ago there was a lightning rod craze. It was snuffed out by swindlers who got farmers to sign orders that turned out to be notes, which were discounted at the nearest bank. Fear of swindlers exceeded fear of lightning. Fear governs most of us. What do you fear most?

SPEED

Daily the American pedestrian takes his life in his hands by wild dashes across the street—to save a few seconds.
Daily the American autoist flirts with death, trying to beat an on-rushing train to a crossing—to save a few seconds.
Seconds, if saved, often mean nothing. Yet it is this desire to gain time that has caused America to take first place in the invention of time-saving devices—steam engine, gas engine, telegraph, telephone, airplane, all are testimonials in the constant urge of speed.

YOUR CREEPING FOE

Countless millions of caterpillars, hatched from insect eggs, swarm over New Brunswick, eastern Canada.
They cover whole districts with a creeping fur rug.
The pest makes railroad tracks so slippery that Canadian Pacific trains are stalled until locomotives clear the rails with a steam jet of 200 pounds pressure.
In your own home you are fighting other insects—moths and flies, and preparing for ants and mosquitoes.
For insect season has started.
With wild beasts conquered and virtually exterminated, insects remain as man's greatest foe, next to germs. The real wars of the future will be fought between man and insects.

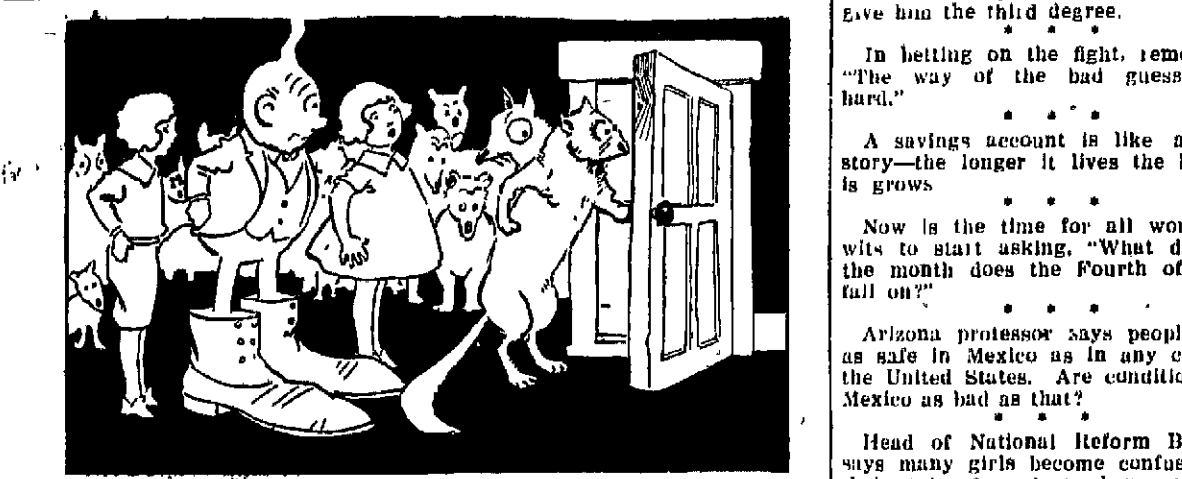

Untold annoyance, disease and damage are caused yearly by our leading insect pests—fly, moth, boll weevil, mosquito, bed bug, ant, army worm, green bug, louse, flea and grasshopper.
We hold our own against them, but seem unable to stamp them out. If you could go back into history 10,000 years, you'd find your ancestors awaiting flies and cursing the insect pests that destroyed their wild fruit and vegetables.
American farmers know the terribly destructive powers of the locust which sleeps 20 feet underground and reappears every 17 years. Open your Bible near the beginning and read about similar locust plagues in the Holy Land thousands of years ago.

Insects have been so successful in fighting man to a draw because, next to man, they have the highest intelligence of all animal life.
Ants, smartest of insects, keep slaves, war in armies, hold conventions, bury their dead, have jails, build bridges, line their homes with wax and divide labor according to fitness. The agricultural ant of Texas plants, harvests and stores its own grain.
It may be blind intelligence—instinct—but nearly all insects work co-operatively in swarms. That's the beginning of community government.

Mother Nature does nothing blindly. Unquestionably she has a wise motive in afflicting you with mosquitoes, cockroaches, flies and other insect pests.
Unquestionably, also, she wants us to destroy them.
Her motive in pitting insects against us? Probably to keep us constantly battling for existence. With no obstacles to overcome, man soon would grow weak and perish. Dempsey, without constant training, would become soft and defenseless. Edison, without exercising his brain, would be a mediocrity instead of a phenomenon.

ADVENTURES OF THE TWINS
By Olive Barton Roberts

"He's the snoopiest thing!" declared the mongoose suddenly.
"Now we're talking," said Woofy Wart-Hog solemnly to Nancy and Nick and Flippety-Flap. "You wish to take Tag Tiger away, and we certainly wish to be rid of him. That's why we are having this meeting. That's why we are having this meeting."
"Oh!" beamed the fairman. "Then perhaps you have thought of a plan!"
"No, we haven't," said the wart-hog, shaking his head. "That's the trouble."
"He's the snoopiest thing!" declared the mongoose suddenly, peeping out of the doorway again to make sure that their enemy had not discovered their hiding-place. "He's worse 'n a snake!"
"And the hungriest!" declared the little gazelle.
"And the fiercest!" added the antelope.
"And the lightest!" growled the leopard.
"And the sulkiest!" went on the mongoose.
"And the greediest!" said someone else.
"I see that Mr. Tiger is about as popular hereabouts as a spider at a little girl's tea-party," remarked Flippety-Flap smiling.
"I'm not certain what a little girl is," answered the wart-hog, never dreaming that Nancy was one, "and I don't know what a tea-party is, either, but if you mean that that old vagabond, Tag Tiger, isn't liked round here, you have made a very good guess. Why there isn't a family that hasn't lost some of its members some time or other through him, or in him, I should say."
"You don't know how to handle him," said Flippety-Flap. "You ought to keep him in a cage like we do. But there's how are we ever going to get him? Let me think. Oh, I have it! Are there any pepper-trees growing around here?"
"Yes," nodded the wart-hog. "There's a whole bunch of them up on the hill."
"Fine!" declared Flippety-Flap, winking at Nick. Then he took a telephone out of one of his shoes, and a coffee-mill out of the other.

It Took All The Grit Mason Had To Stick It Out

"Every time I go out on a run now, I feel thankful to Taniae for I'm convinced it kept me on the job," said William W. Mason, 1924 McClellan St., Philadelphia, for the past nine years a motorman for the Rapid Transit Co. "I had stomach trouble in a bad form for three years and was going down hill fast. Nothing I ate agreed with me and after every meal I was sure to have heartburn, dizziness and sometimes awful cramps. I got in such a nervous condition my hand shook like a man with the palsy and at nights my sleep was broken and restless. In the mornings I felt so miserable I used to dread the time to come for me to take out my car, and it took every ounce of grit I could muster to stick until quitting time. Finally I got so weak and was so discouraged I was ready to give up."
"This was my condition when I started taking Taniae and I owe all my present good health to this wonderful medicine and to nothing else. The first thing it did for me was to whet my appetite and I soon found I could eat anything without fear of bad after-effects. It's a fact, four bottles made me a new man out of me. My nerves are quiet, I sleep like a log and wake up in the morning feeling fine. Then I eat a big breakfast and go to work whistling like I used to long ago. If people knew Taniae like I do the clerks in the drug stores couldn't wrap it up fast enough to supply the demand. It's great."

POETS' CORNER

CONTENT
(Florence Horner)
It's not so nice as some perhaps,
That line the avenue,
With brownstone fronts, and pillars
grand,
And rich and costly view;
But how I love it none can tell,
Because it is my home,
Paid for by years of honest toil,
And it is all my own.
Let others keep their castles grand,
Still others their chateaus;
Made famous in each land and clime,
By poetry and prose;
To me these things mean not content,
But envy tinged with strife,
A never-ceasing battle for
The useless things of life.
The fashion bowers of gay Paris,
The glitter of old Rome,
The haunting strains of Italy—
And Pisa's massive dome;
These things mean naught at all to me,
I envy not the rich
Perhaps my fancy has been taught
To seek a lower pitch.
I envy not those millionaires,
Who live in mansion grand,
With servants at their beck and call,
And wealth at their command,
I have a home, a loving wife,
Earth's richest, best reward
A little child who looks like me,
A playing in the yard.

EVERETT TRUE BY CONDO

Foley's Honey and Tar Compound
IS PLEASANT TO TAKE, and soothes the raw, inflamed surfaces; stops the rasping, straining feeling in the throat. It is made of the purest, freshest and finest ingredients to be had, contains no opiates or other harmful drugs, and costs twice as much to make as any imitation of it.
Every User a Friend
"My little boy had a severe attack of croup and I honestly believe he would have died if it had not been for Foley's Honey and Tar. Two doses relieved him and he went to sleep and was troubled no more."—Mrs. W. H. Thorndyke, 522 W. 10th St., Little Rock, Ark.
"I am in my eighty-seventh year and I was troubled with a troubling in my throat. I had very glad to tell you that Foley's Honey and Tar has stopped that."—Geo. F. Randall, Dayton, Nev.
Foley's Honey and Tar is recommended for coughs, colds, hoarseness, tickling of the throat, spasmodic croup, whooping cough, la grippe and bronchial coughs.

IN BISMARCK, THURSDAY - FRIDAY IN BISMARCK THURSDAY AND FRIDAY

Fans Will Not Have Another Opportunity of Seeing Games For Several Days.

BOTH LINEUPS ARE STRONG

Bismarck baseball fans will have the opportunity of seeing two big ball games Thursday and Friday evenings, and then probably will see no more games for several days.

The Calgary Black Sox, the famous colored semi-professional team, which has met the best teams in North Dakota, plays Bismarck at 8:30 P. M. Thursday and Friday evenings.

Bismarck goes to Dickinson Saturday and will play in Dickinson Sunday, and Monday. Present train service makes it necessary for the club to leave Saturday.

There probably will be no more games in Bismarck for several days, and big crowds are expected to see the colored players, who are said to put on a vaudeville show which is as good as their playing.

The Black Sox have played Fargo, Valley City, Minot and Lisbon, and their showing against these teams indicates that the games in Bismarck should be very close.

Bismarck will present a strong lineup with all injured men back in the game.

Larry Coble, third baseman, is in Minot playing with Minot against Leeds today, a return courtesy for the playing of Giffin and Hester with Bismarck last week.

"TEX" RICKARD KING PROMOTER

New York, June 22. "Boxing's greatest showman," that is the title business and in 1914 "hit the trail" and, promoter of the coming Dempsey-Carpenter bout, has earned in the staging of several bouts drawing the largest gate receipts in the history of the sport.

Thrown in contact with the boxing game by accident, Rickard, an account of whose career reads like fiction, accomplished nearly everything he set his mind on doing and has kept going along successfully, despite conditions that sometimes made the word "quilt" seem appropriate.

Rickard was born in Kansas City, Mo., Jan. 2, 1871. His father, a millwright, moved to the Panhandle of Texas when the embryo promoter was a small boy. At the age of 12 years, thrown on his own resources, with a widowed mother, two brothers and three sisters to support, "Tex" turned to the calling of cow-punching, then universal in Texas.

Then started the travels which have made this man a citizen of the world. He met success in the cattle business but in 1904 "hit the trail" for the Klondike. Months of hardship brought fair returns but after a

year or two in Dawson, Rickard again moved. This time, he drew up in Goldfield, Nev., at the time when the mining craze engulfed that section.

The promotion of big enterprises with the aid of virtually no capital has been characteristic of this prospector who has turned the gold mines of Broadway as well as of the Klondike and Nevada. From his friends he secured enough money to enter Jimmy Britts and Terry McTavern a \$30,000 guarantee for a championship bout in Goldfield. Coming from an unknown, at that time, the offer was hailed by the boxers and their managers as a joke.

It was a fight on however and the managers of Joe Fians and Battling Nelson were more susceptible to the glint of \$30,000 in gold pieces laid before them. The fightweights fought a memorable battle at Goldfield. The town was advertised nationally and "Tex" Rickard became a successful fight promoter.

Since that time, Rickard has promoted from a financial point of view, the greatest ring contests ever staged. They have been successes only because of the extraordinary "showmanship" of the man. Always his slogan has been "take a chance." He astounded the country with his guarantees for the Johnson-Jeffries battle at Reno in 1910. But his receipts totaled \$270,000 and he emerged a winner of \$10,000. Receipts for the Willard-Dempsey bout at Toledo, July 4, 1915, amounted to \$450,000, a new high mark.

Bouts staged by him in Madison Square Garden during the six months previous to last March brought in more than \$1,300,000. Approximately \$1,000,000 will flow into the box office before Jack Dempsey and Georges Carpentier square off at Jersey City, July 2, easily covering the tremendous outlay necessary to stage this bout. Rickard is one of the few who have coaxed substantial returns out of promotion in the boxing game.

"Take a chance" and "Be square" are Rickard's watchwords which seem to summarize reasons for the success which has come to him in business as well as boxing. For boxing is only a sideline with him. Tex is a partner in huge cattle enterprises in South America. His herds roam over a range of more than 4,000,000 acres. He is general manager of a firm backed by American financiers in a project which produces beef for American consumption.

But despite the "take a chance" motto, mere good luck has had little part in the success of this man who now sits in a suite of offices in Madison Square Garden and directs, in the Jersey bout, July 2, a "million dollar proposition." Starting without capital, applying well the principles of credit, making the forfeits of boxers pay for preliminary expenses of the earlier bouts, Rickard has been successful in the staging of 30 battles without a single loss. In the Goldfield days, he was a prospector, uncovering his gold in box offices as well as in gold mines. Today, this smooth-faced, affable business man is still prospecting. But with success must come some disadvantages. "Tex" Rickard's name now assures an event. There is

NEW "SOCCER" FEVER GRIPS CANADA

ADAMSON (LEFT) OF THE GRAND TRUNK TEAM TRYING TO BLOCK A "HOME RUN" BY HORNSEY OF THE HIGHLANDERS. HE FAILED.

BY DEAN SNYDER.

Canada is in the grip of the "soccer" fever.

This year clubs have sprung up in nearly every town and city in the Dominion.

A new race of fans—similar to the wild baseball fans in the United States has suddenly come into existence.

It is estimated that there are 600 soccer clubs scattered over Canada at present. Over 100,000 people attend matches weekly.

Dyed-in-the-wool followers of the game differ from the American baseball fans. Soccer enthusiasts haven't resented the pitch of excitement when they holler, "Kill the referee!" or "Throw him out," etc.

Serious Fans.

The onlookers watch the battles with deadly seriousness as they study the finer points of the game.

Soccer is not a new game for Canada. It was played 10 years ago in some of the schools.

But the big boom is on this year as never before.

No more doubt and "Take-a-Chance" Rickard almost misses the thrill.

Just as **EASY** as clipping your pen

THINK of the time saved by a razor that assembles as easily as you clip your fountain pen to your pocket! A single motion does it.

The blade of the Durham-Duplex automatically drops into place over the guard, and this same "clip" movement—the simplest of all fastening operations—holds it in place. No "fussy" parts. Nothing to learn. No loss of valuable minutes when you shave with a

A CORDIAL INVITATION

to attend

The National Tractor Demonstration

Fargo, N. D., June 28th, 29th, 30th

THE J. I. Case Threshing Machine Company extends to all farmers and dealers a cordial invitation to attend The National Tractor Demonstration.

About six miles West of Fargo, North Dakota, along the beautiful Red River road, a tract of land comprising over 640 acres has been selected for the National Tractor Demonstration.

Here, progressive farmers will have an opportunity to compare the quality of work done by horse-drawn and tractor-drawn machinery.

A contest will be conducted for horse-drawn outfits and prizes will be given for the best and the most economical plowing, disking, harrowing and seeding.

In another section of the demonstration field, contests will be held for tractor-drawn outfits. Nearly every make, type and size of tractor will be in operation at this demonstration. And in the exhibition tents, all kinds of power farming machinery will be on display.

Make the Case tent your headquarters while you are at the demonstration. Every possible convenience will be provided for the comfort of farmers, dealers and anyone who is interested in Power Farming Machinery. You will receive a courteous welcome and our representatives will be pleased to explain any details of construction and operation of Case machinery in which you are interested.

THE INSIDE NEWS AT WASHINGTON

BY H. B. HUNT

Washington, June 22.—Two gray-haired messengers, long in Uncle Sam's service at the Navy Department, were discussing Admiral Sims' latest clash with his department chief. "That man," declared one, "suddenly am hard-boiled. He's spent 'bout half his life in hot water."

Transcontinental railroad have made a proposition to Pacific Coast fruit growers which Attorney General Daugherty should watch with care.

The roads promise to reduce rates on transcontinental fruit shipments if the shippers will agree not to patronize the refrigerator boat lines that have been coasting shipments.

In other words, the railroads pro-

"You may be Sure"

says the Good Judge

That you are getting full value for your money when you use this class of tobacco.

The good, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often—nor do you need so big a chew as you did with the ordinary kind.

Any man who has used the Real Tobacco Chew will tell you that.

Put up in two styles

W-B CUT is a long fine-cut tobacco
RIGHT CUT is a short-cut tobacco

New Strength and Energy For the Weak and Aged

To be strong, vigorous and active you must have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, with metallic iron is iron just as it comes from the earth. It quickly helps make rich red blood, revitalizes worn-out, exhausted nerves and gives you strength and energy. At all drug stores. Beware of substitutes. Always insist on having genuine
